DEATHS.

—Mrs. Samuel Bedford Clay, wife of Mr. Samuel Clay, died at her home on South Pleasant street Sunday evening about 6 o'clock after an illness of only few days, the cause of her death being heart disease.

Mrs. Clay, who was in her eightieth year, as the daughter of the late Henry C. Bedford, who was a prominent man of this county. On April 17, 1849 she was united in marriage to Mr. Samuel Clay.

The deceased was a consistent member of the Presbyterian church and a woman of excellent Christian character. Beside her husband she is survived by three children, Mr. Frank Clay and Mrs. H. Clay Howard, of Paris, and Mr. Henry Clay, of Lexington.

The funeral services will be held at the residence on South Pleasant street this afternoon at 2 o'clock, conducted by Rev. Dr. B. M. Shive, of the Presbyterian church. The remains will be taken to Lexington on the three o'clock interurban car for interment in the Lexington cemetery.

The pall-bearers will be: Henry Ware, H. C. Howard, Frank M. Clay, C. T. Kenney, George R. Davis, Geo. Howard.

Summer Bargains.

Bring the cash to our store and we will give some of the rarest bargains in summer weight clothes you ever saw. We are having no special sale but are just selling for cash some of this season's goods that we do not want to carry over.

Bourbon Fiscal Court Meeting.

The Bourbon Fiscal Court met in regular session Friday, with Squire L. J. Fretwell presiding and the following magistrates present: E. P. Thomson, J. J. Redmon, Omer Lloyd, B. F. Stipp, J. T. Barlow, George K. Redmon.

The report of Turnpike Supervisor C. F. Redmon for the month of June, was read, received and ordered filed and the following claims for repairs of the turnpikes were allowed and ordered paid: Thos. Maher, \$41.90, same \$88.90; E. J. Welsh, \$210.42; Mike Fitzgerald \$10.24, same \$26. The sum of \$1,000 was appropriated for all repairs on turnpikes and allowing claims to the amount of \$957.31. The court adjourned to meet in regular session, August 4.

After the business session the court repaired by invitation to the plant of the Baldwin Packing Company, one mile South of Paris the occasion being the grand opening of the plant which has been erected at an approximate cost of \$40,000.

The location of the new industry is at the junction of the Ford Mill road and the Frankfort and Cincinnati railroad and will have a capacity of 100 hogs and 15 head of cattle per day and will be ready for operation during the early fall and when running at full capacity will employ about thirty men.

A banquet was served, plates being laid for 100. The stockholders will meet this week for purpose of electing officers and for mapping out the scope of their operations for the ensuing year. The refrigerating and cold storage department of the plant is divided into three sections, one room is at a temperature of 32 degrees one at 30 and one as low as zero.

The Bourbon Fiscal Court will be asked by the management and farmers and citizens who reside in the county to macadamize the South end of the Ford Mill road as the amount of traffic over the road will be increased four fold by the building of the new plant.

Home Paper Interesting.

The home paper is always interesting to you, whether you take it or not. Some people who do not take the paper, borrow it from their neighbors, and while this inconveniences the neighbor and themselves, it cannot help but make us feel proud that they really care enough for our paper to walk half a mile each week to get it and also save three cents. It shows that these people are economical and that when our advertisers put an ad. in our paper they will be sure to read it carefully and take in all the bargains.

Appointed to Fill Vacancy.

Circuit Judge Benton has appointed Lee S. Baldwin as Circuit Clerk of Clark county to fill the vacancy caused by the death of Jonas Bush. Baldwin has served a term as County Clerk and for some years was chairman of the Clark county Democratic Committee.

Around the World.

Two Italians started one year ago to wheel a barrel around the world from Venice, and they are still at it, attracting much attention wherever they appear. This tedious task it is believed, will take the men twelve years, but if they carry it through they will each win a wager of 150,000 francs.

Will Apply for Pardon.

Judge Charles E. Boone, formerly claim clerk in the Auditor's office, gives legal notice that at the next meeting of the Prison Commission he will apply for a parole. Judge Boone is serving a sentence of fourteen years for stealing about \$40,000 from the State.

After the Vagrants.

The Harrodsburg City Council has adopted a plan by which it is believed the vagrant population of the town will be greatly diminished. At a meeting of the board an order was made instructing the Chief of Police to arrest all vagrants and persons without visible means of support and bring them before the Police Court. There is much complaint from the farmers on the scarcity of laborers to harvest the wheat crop, which is now ready to be harvested, and all persons arrested by the police will be given the choice of going to the work house or the farm.

Joint Conference this Week.

Louisville & Nashville railway officials and members of the Brotherhood of Locomotive Engineers of that road will likely hold a joint conference in Louisville sometime this week, for the purpose of taking action on a new working agreement and wage scale. The engineers were in conference several days of last week in Louisville, and this announcement was made by T. J. Bisset, chairman of the conference. Railroad officials have been requested to meet the engineers in conference and it is believed it will be held this week.

Increase in Fire Losses in Paris

Premiums received by fire insurance companies doing business in Kentucky during the last year amounted to considerably more than the losses. The total of losses was \$2,685,729.56, while the premiums amounted to \$4,852,371.23. The bulk of this money went to another State, to foreign insurance companies.

These and other interesting statistics, regarding fire insurance, business and companies in Kentucky, are given in the preliminary report filed by C. W. Bell, State Insurance Commissioner at Frankfort.

In the report of Commissioner Bell a comparison of the losses sustained in various cities last year is made with the year 1908. The losses by fire in Paris during 1909 shows an increase over those of the previous year.

Making Life Safer.

Everywhere life is being made more safe through the work of Dr. King's New Life Pills in constipation, biliousness, dyspepsia, indigestion, liver troubles, kidney diseases, bowel disorders. They're easy, but sure, and perfectly build up the health. See at Oberdorfer's.

We Must Stand It.

None but the initiated know the accuracy required in a printing office. The average reader who detects a misspelled word or a letter upside down feels that his mission on earth is not accomplished until he has called the attention of the overworked editor to the glaring defect. He does not notice the thousands and tens of thousands of letters that are in place or the multitude of words correctly spelled, but his eagle eye is glued on the one that is out of place. So it is with our deeds. Man does a thousand good deeds and no attention is paid to them but if he makes one mistake it is flashed all over the world. A life-time may be spent in building up a reputation that may be wrecked in a moment. The world is a harsh critic, exacting to a fault.

Revenue Assignments for Bourbon.

Owing to the closing down of a number of distilleries in the district for the summer season, which will be closed until late in the fall, fifty-two regularly commissioned storekeepers gaugers will be thrown out of employment. The assignments in Bourbon county for the month of July are as follows:

Peacock distillery Co., Kiserston; J. D. Shy, day; W. W. Cherry additional and bottling; J. P. Hutchcraft, gauger. The G. G. White Co., Paris; W. T. Sellers, day; J. M. Russell, additional and bottling; J. P. Hutchcraft, gauger.

Julius Kessler & Co., Paris; W. S. Lyne, day; J. M. Crosthwaite and R. D. Grant additional; W. G. Cook, bottling; J. Hutchcraft, gauger.

Will Not Support Cantrill.

Desha Breckinridge, editor and owner of the Lexington Herald, announced in an editorial published in his paper Friday morning, that he will neither personally nor through the Herald, support for election in November Congressman J. Campbell Cantrill, who was renominated by the Democratic party of this district at the primary held June 25. This step was indicated by the Herald's course during the campaign.

Bill Nye's Cow.

Bill Nye once had a cow to sell and advertised her as follows: "Owing to my ill health, I will sell at my residence in township 19, range 18 according to the government survey, one plump raspberry cow, aged 8 years. She is of undoubted courage and gives milk frequently. To a man who does not fear death in any form she would be a great boon. She is very much attached to her present home with a stay chain but she will be sold to anyone who will agree to treat her right. She is one-fourth Shorthorn and three-fourths hyena. I will also throw in a double-barreled shotgun which goes with her. In May she usually goes away for a week and returns with a tall red calf with wabby legs. Her name is Rose. I would rather sell her to a non-resident."—Exchange.

The Cost of Living.

The cost of living committee, appointed by the United States Senate, has made its report. An Associated Press Dispatch describes the report in which says: "The report made by Senator Lodge found that of the many causes contributing to the advance of prices the following were most marked: Increased cost of production of farm products by reason of higher land value and high wages. Increased banking facilities in agricultural localities, which enables farmers to hold their crops and market them to the best advantage. It is found that this not only steadied prices but had a tendency to increase them. Cold storage plants which result in preventing extreme fluctuation of prices of certain commodities with the seasons, but by enabling the wholesalers to buy and sell at the best possible advantage, tending to advance prices. Increased cost of distribution, industrial combination. The foregoing findings were gathered by measuring the prices of 257 commodities, include in the price index number of the bureau of labor. These commodities were grouped with the advances during the period of 1900 to 1909 inclusive. The general wholesale price level duties advanced during that period 14.5. The group show advances as follows: Farm products, 98.3; food, etc., 18.7; timber and building materials, 19.6; miscellaneous commodities, 14.7; cloths and clothing, 12.0; fuel, 6.9; house furnishing goods 5.3; metals and implements, 2.9 per cent. A decline was shown for drugs and chemicals amounting to 2.9 per cent. The report states that in view of the fact that the increases have been so much greater in products coming either directly or indirectly from the farms than in any other line excepting products of the forest, the conclusion must be reached that the most important cause for the advance is to be found in a study of farm conditions. The democrats on the committee will make a minority report later."

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

Value of This Great Appalachian Exposition

Will Stimulate Trade, Harmonize Opinions, Bring New Wealth, Industries, Vigor and New Ideas.

The Appalachian Exposition, announced for Knoxville, Tenn., Sept. 12 to Oct. 12, next, more than all others that have been held, will bring in contact, and for mutual benefit, the different grades and classes of humanity. There will meet the statesman, the soldier, the political economist, the law maker and the administrator of the law, the poor white and the freedman, the inventor and the one who constructs the invention, the projector who conceives and the capitalist who vitalizes, the shopkeeper and the customer, the artisan, the manufacturer and the artist will all meet there on one common plane.

The first idea that occurs in connection with this great Exposition is the valuable thought of the tendency to stimulate trade; that it encourages local traffic is unquestionable; it will be of wide-spread importance to transportation routes; it will be a potent factor in withdrawing money from depositaries and placing it in free circulation.

From a social standpoint this Exposition will act in the harmonizing of opinions; it will circulate intelligence and awaken a search for knowledge and information; it will bring to the Appalachian territory new wealth, new industries, new vigor and new ideas; it will open up the wealth that is hidden in the bowels of the earth, and will lay open to capitalists investments for their surplus wealth, and will attract home-comers and home-seekers to a great and undeveloped agricultural section, unequalled in wealth and climate.

Agricultural Exhibit

At the Appalachian Exposition Will Be Greatest Ever Seen, Says Chairman J. A. Jones of Committee.

J. A. Jones, of Concord, Tenn., chairman of the Agricultural Committee, in speaking of the agricultural exhibits for the Appalachian Exposition to be held at Knoxville, Tenn., Sept. 12 to Oct. 12, said:

"If the other departments of the exposition are in keeping with the agricultural exhibit then this will be the greatest event the South has so far witnessed. We have applications now from eight counties in Tennessee and two in Georgia and hope to put in one or two from Virginia, North and South Carolina. We want every county in Tennessee, and for that matter, the Appalachian territory, to be represented. Among the many prizes we want to call your attention to the following:

For the best, most diversified and most artistically arranged agricultural display made by any county in Tennessee, Kentucky, West Virginia, Virginia, North Carolina, South Carolina, Alabama and Georgia.....\$1,000
For the next best as above..... 700
For the next best as above..... 500
For the next best as above..... 300

Individual Farm Exhibits.
For the best, most diversified and most artistically arranged collective individual agricultural display, all products to be raised by exhibitor.....\$300
For the second best as above..... 200
For the third best as above..... 100

"In addition to this, there are a large number of prizes of every description, for everything that is raised in the Appalachian territory. It will be a wonderful revelation, said Mr. Jones, to the public to see what is raised in the Appalachian territory, and I believe it will be a great factor in the future development of resources.

BUSINESS OPPORTUNITY FOR EXHIBITORS.

The Appalachian Exposition, to be held at Knoxville, Tenn., Sept. 12 to Oct. 12, inaugurates a new era in the history of this section of the South, and furnishes an opportunity for the business men of this section to reap the vast fruits of this great business enterprise, that in the near future are destined to develop the richness of the mineral and agricultural wealth of the soil and climate of this great section. Merchants from all parts of the country are alive to the great advantage to be derived from an exhibit at the Exposition, and all should promptly arrange to make exhibits.

POULTRY BUILDING.

In order that one of the largest and most profitable industries of this section of the South may be properly represented, the Appalachian Exposition at Knoxville, Tenn., Sept. 12 to Oct. 12, has under construction an exhibit building for poultry that will have from 3,000 to 4,000 birds. This is not a cheap or temporary structure, but an exposition building of great beauty and one which would serve for any class of exhibits. The size is 160x200 feet, of superb architectural design. It will be finished in staff, and will occupy one of the most prominent locations on the exposition grounds. The Poultry Committee, which is formed of leading poultrymen of the country, promise the largest and best show ever held in the South.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a light sleep, good appetite and soundness of step. It is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when you are convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

Health Note.

A medical paper claims that a dentist's finger carry disease germs. Moral: Boil your dentist.—Boston Transcript.

And the Judge Had a Chance!

If the Missouri judge who said, "A man is not a good citizen unless he reads the papers," had added, "and pays up on time," the Humanville Star-Leader says it would have been the wisest utterance ever given from the bench.—Atlanta Constitution.

Limitations of Genius.

The happiest genius will hardly succeed by nature and instinct alone in rising to the sublime. Art is art! he who has not thought it out has no right to call himself an artist.—Goethe.

Revenge.

Revenge is a debt, in the paying of which the greatest knave is honest and sincere, and, so far as he is able, punctual. But there is a difference between a debt of revenge and every other debt. By paying our other debts, we are equal with all mankind; but in refusing to pay a debt of revenge we are superior.

Prize Little Valued.

The irony of fate was shown the other day when a member of the Yarmouth (Eng.) miniature rifle club who is a keen temperance worker was awarded two prizes at the annual distribution. Each was a bottle of whisky.

Easy.

Friend.—Could you explain the tariff to a man if you were allowed to canvass for votes? Miss Suffragette. Of course, I could. It's something that makes you wear silk gloves when you prefer kid.—Smart Set.

Almost Every Time.

When an indulgent and socially ambitious father consents to stand the expense of a "coming out" ball for his daughter, the shortage of his bank account is usually the only thing that really comes out.

Injurious Concrete Floors.

Opponents of the use of concrete for floors in factories contend that the stonelike surface is injurious to the feet and backs of workmen, and that the dust ground from the concrete finds its way into and injures the machine bearings.

The Father Handicap.

"No man will ever ask me to marry him," Daysey Mayme Appleton wrote in her diary recently, after an outburst of tears, "as long as father continues to wear a porous plaster, and come in the parlor to scratch his back on the mantel when I am entertaining a young man."—Atchison Globe.

Genius.

The only real difference between a genius and one of common capacity is, that the former anticipates and explores what the latter accidentally hits upon. But even the man of genius himself frequently employs the advantages that chance presents to him. It is the lapidary that gives value to the diamond, which the peasant has dug up without knowing its worth.

Dyspepsia.

Man's normal appetites and passions, if used temperately, make his earth heaven, but if abused or polluted may or can make it living hell. Same way about foods, particularly meats. If meat is right in the first place, and then is cooked right, it is all right all together, as delicious as incense of the gods. But if not right to start with, or badly cooked, it becomes the most disgusting deformity and breeder of dyspepsia that comes upon the table.—Boston Pilot.

Kenyon \$15 Men's Suits

When you seek ECONOMY ask your merchant to show you this \$15 suit. Compare it with one that costs \$25, and see wherein lies the difference. It does not lie in the wearing qualities surely and in style and fit. The great difference is one of price caused by more than one reason made in the largest factories of their kind in the world.

FRIDAY.

In the fastest game of the season the Bourbonites trounced the Pioneers at White Park Friday afternoon by a score of 4 to 1, the visitors narrowly escaping a shutout.

Scheneberg was pitted against Creager the latter lasting only three innings, when he was relieved by Allison. Scheneberg could not get control in the first session but as the game progressed he improved wonderfully and had the visitors completely at his mercy.

For three innings Creager held the locals without a hit showing remarkable speed and control, but in the fourth the locals found his delivery for two safeties when he did the aviation act and Maloney yanked him off the rubber and substituted Allison in his efforts to put a stop to the onslaught of the Bourbonites.

McKernan was the first up and landed the ball to left for a base. Kaiser followed with a neat single to center. Goodman grounded the ball in front of the plate which Creager fumbled, allowing the runner to gain first, filling the bases.

Creager was now thoroughly rattled and as a result of his not being able to locate the plate, Barnett drew a pass, forcing in McKernan. Allison was then sent in to pitch and the first ball hurled to Holder was smacked on the nose for a safety to left, scoring Kaiser and Goodman. Barnett taking the second sack. Maxwell fanned and Hicks was thumped in the side filing the bases for the second time. Scheneberg fanned and Kuhlman grounded to Olson, forcing Hicks at second, retiring the side.

In the fifth session the locals added another run. McKernan lied off with a single to left and Kaiser followed to Maloney. McKernan scored when Goodman drove the ball to deep center for three bases. Goodman perished at the plate when Barnett grounded to Tilford. Holder drew a pass and Maxwell fled out to Tilford, retiring the side.

In the following inning the visitors saved themselves a shutout when Baird waited and walked, taking third on Whitaker's single to center and scoring on Taylor's fly to right. Score: Richmond 0 0 0 0 0 1 0 0 0 1 Paris 0 0 0 3 1 0 0 0 x 4 Batteries—Paris, Scheneberg and Holder; Richmond, Allison, Creager and Thoss. Hits—Paris 7; Richmond 5. Errors—Paris 1; Richmond 1. Earned runs—Paris 1. Three base hits—Goodman. Sacrifice hits—Maloney, McKernan, Goodman, Scheneberg. Sacrifice fly—Taylor. Base on balls—off Creager 3; off Allison 1; off Scheneberg 2. Hits—One run off Creager in three innings and none out in fourth; five hits and three runs off Allison in five innings. Struck out—by Creager 2; by Allison 3; by Scheneberg 2. Hit by pitcher—by Allison 1; by Scheneberg 1. Double plays—Olson to Baird to Taylor, Kuhlman to Barnett to Kuhlman. Left on bases—Richmond 5; Paris 7. Time—1:25. Umpire, Knapp.

NOTES.

Goodman's three bagger in the fifth wasn't much of a surprise as the fans are always looking for him to line out a long hit.

McKernan got two of the seven hits. The "boss" is hitting the ball with startling regularity and his quick eye and power of generalship tells quickly on the opponents when he hits the ball.

Scheneberg's pitching was one of the features. In the first inning he was touched up for three singles, nearly half of the number secured by the Pioneers during the entire contest. He never extended himself only in tight places which were not very numerous.

Kuhlman and Barnett pulled off a neat double in the seventh. The throws, which were made from third to first and return were quick and accurate.

Creager showed wonderful speed during the innings he pitched, but when the locals found his delivery Maloney thought it best to send him to the bench.

Only to misplays were made during the contest, one by Creager in the fourth and one by Kuhlman in the ninth.

Hicks line drive to Olson in the ninth was most too hot to handle, but the Pioneer shortstop recovered the ball in time to retire a runner at second.

SATURDAY.

Sad to relate, but nevertheless true, the inability to connect with the benders of Crutcher coupled with costly mistakes, the Bourbonites fell a prey to the Lawmakers Saturday afternoon at White Park, the contest closing with the Lawmakers one run the best of the argument.

The contest was long drawn out due to the excessive wrangling of the visitors in which it became necessary for Umpire Knapp to exercise his official duty and he imposed a fine of five simoleons upon one of the Frankfort aggregation.

The opening sessions were marked by constant kicking, the climax coming in the sixth inning, when Cornell, who was on the bench in reserve, became incensed at the action of Umpire Knapp, rushed out on the diamond, and when the official motioned the offending Lawmaker to the bench, he replied in very insulting language and completed the play by slapping the extended hand of his umps, whereupon a fine of five dollars was imposed for his misconduct. Cornell attempted further hostilities which was prevented by the intervention of Paris players.

A misplay of Hicks in left was responsible for the first run secured by the Senators. Swartz was the first up and hit a high fly to left, Hicks muffing the ball, the runner taking second. Angemeier fled to Barnett and Warren hit safely to center scoring Swartz. Paris went them one better in their half of the sixth after two men were out. McKernan flied out to Yerkes and Kaiser walked. Goodman hit to center, advancing Kaiser, who was run down between second and third, Goodman going to second on the play, a moment later stealing third. Barnett walked and stole second. Both men scored on Holder's drive to center for two bases.

Winchell had pitched excellent ball up to the seventh, but in this inning he could not locate the plate, passing the first two men up. Crutcher grounded out, advancing both runners a base, Bohannon scoring on Hoch's high fly to Goodman. Harrell hit to center safely on which Hoffman crossed the plate. At this point Poole was sent in to finish the game, and put a stop to the run getting of the visitors.

In the eighth inning the locals started a rally and for a few minutes it looked like the score would be tied. Kaiser waited and drew a pass, Goodman it a swift one to right field, on which Kaiser, who had a good start did some sensational base running by going from first to home plate. Evidently afraid Barnett would kill the ball Crutcher took the precaution to throw four bad ones and the first-sacker went to first for the third time on balls. Holder fled to Crutcher, and at this point the visitors started another useless argument to give Crutcher time to gain his bearings, Maxwell fanned the wind and Hicks hitting to Hoffman forced Barnett at second, retiring the side. Score: 1 0 0 3 0 0 4 Paris 0 0 0 0 0 2 0 1 0 3 Batteries—Paris, Poole, Winchell and Holder; Frankfort, Crutcher and Angemeier. Hits—Paris 5; Frankfort 8. Errors—Paris 3; Frankfort 1. Two base hits—Holder. Three base hit—Swartz. Sacrifice hits—Bohannon, McKernan, Hicks. Stolen bases—Hoch, Harrell, Warren, Kaiser, Goodman, Barnett 2. Bases on balls—off Crutcher 8, off Winchell 4. Struck out—by Crutcher 4, by Winchell 6. Double play—Barnett to McKernan. Left on bases—Frankfort 7, Paris 8. Six hits four runs off Winchell in six and two-thirds innings; two hits and no run off Poole in two and one-third innings. Time—2:05. Umpire Knapp.

SUNDAY.

The game with Shelbyville at White Park Sunday afternoon resulted in a shutout for the visitors by a score of 6 to 0. "Rasty" Wright was on the mound for the Millers and he handed out an assortment of slowones which were just to the liking of the slugger Bourbonites who found him for nine safe drives, three of which counted for extra bases.

Guy Long was sent in in the sixth inning and he hit Schreck, the first batter up. Scheneberg grounded to Long forcing Schreck at second. Kuhlman followed with a three bagger, scoring Scheneberg, and on McKernan's hit over short crossed the rubber.

At this point of the contest the rain, which had been threatening during the entire afternoon began to fall continuing for a period of half an hour, rendering the field unfit for a continuance of the game and Umpire Wilkinson called the game back to the end of the fifth inning.

After three of the Millers had been retired in the regular order the Bourbonites commenced on Wright with a vengeance and when the dust had cleared away two tallies were chalked up to the credit of the Bourbonites, Kuhlman reached first on Long's fumble of a hard grounder and went to second when McKernan hit to center for a base. Both men advanced on Kaiser's sacrifice and scored when Goodman hit for two bases.

As this content only in getting runs in bases of two the Bourbonites struck their gait again in the third. Kuhlman dropped a safe one behind short. McKernan was out on a fly to Kuhn. Kaiser beat out a slow one down the third base line, advancing Kuhlman to second. On Goodman's fly to right both men advanced a base and scored on Barnett's two-bagger to the center field fence.

In the following session the Bourbonites applied the ash with a vengeance, when hits to the number of four were sufficient to convince Wright that he was no match for his opponents. Maxwell fanned. Schreck bunted and beat it out, G. Long throwing wild to first, Schreck taking second. Scheneberg hit to left for a base, Schreck taking third and scoring on Kuhlman's safe one behind third base. Scheneberg taking second. McKernan flied to Kuhn but Kaiser hit the ball to the center field fence for two bases, Scheneberg crossing the rubber. Scheneberg pitched in rare form allowing only one hit in the five sessions. Score:

Paris	2	0	2	2	0	6
Shelbyville	0	0	0	0	0	0

Batteries—Paris, Scheneberg and Holder; Shelbyville, G. Long, Wright and Hogan. Hits—Paris 9, Shelbyville 1. Errors—Shelbyville 2. Earned runs—Paris 2. Two base hits—Goodman, Barnett, Kaiser. Base on balls—off Scheneberg 1, off Wright 1. Struck out—by Scheneberg 4, by Wright 2. Left on bases—Paris 4, Shelbyville 2. Time—1:00. Umpire—Wilkinson. Attendance—500.

MILLERSBURG ITEMS.

—Mrs. J. A. Miller is improving nicely.

—Master Herbert Gardner left Friday for a visit to friends in Ohio.

Mr. G. W. Judy was at home from Saturday until Monday.

—Born Thursday, to Mr. and Mrs. C. B. Layson a daughter. Mother and child are doing nicely.

—Mrs. Sarah Trigg, of Cynthiana, is the guest of Mr. and Mrs. E. P. Clark.

—Little Miss Annie Sue Miller of Cynthiana, is the guest of her little cousin, Miss Martha Coleman Jones.

—Miss Nannie Louise Best spent Wednesday with her brother, Dr. I. D. Best and family, of Cynthiana.

—Miss Dorothy Peed left Saturday for a visit to friends at Knoxville, Tenn.

—Messrs. S. C. Bascome and F. F. Hurst took the Shriners degree at Lexington Monday.

—Mrs. Belle Armstrong left Saturday for a visit to her sister, Mrs. Annie Brady, of Carlisle.

Called Meeting.

There will be a called meeting of Coeur de Lion commandery No. 26, tonight, Tuesday, July 7, at eight o'clock, for work in the Red Cross degree.

Johnson Retains the World's Championship.

Jack Johnson is still the world's heavyweight champion. He knocked out Jim Jeffries in the fifteenth round at Reno, Nevada. The fight was a one-sided affair from the start. The negro blocked the old champion's blows at every stage of the game and punished him severely in the last five rounds of fighting.

Winner of Shoes.

Mr. H. Butler, county, holds the lucky number 4740 at Geo. McWilliams' shoe store this week.

Fourteen Crap Shooters Jailed.

County officials yesterday afternoon received information that a big crap game was in progress in the negro suburb of Claysville. Sheriff Thompson accompanied by Deputies Talbot, Marshall and Martin, went to the colored village and found in an unoccupied dwelling house, more than fifty negroes engaged in the game. To of the officers approached the rear door and to the front. The sight of the officers caused a stampede among the blacks who poured from the windows, after it was found that their exit by the doorways had been blocked. The officers, however, at the point of the revolver succeeded in capturing fourteen, who were taken to the court house and given speedy trials. Thirteen of the number who confessed their guilt were fined \$20, and one, who pleaded not guilty to the charge of gaming was fined \$50. Most of the negroes were unable to pay the fine and were taken to jail.

RELIGIOUS.

—Rev. A. Sanders, of Cincinnati, was on Sunday called by the congregation to the pastorate of the Clintonville Christian church.

—Owing to the absence of Rev. Dr. B. M. Shive, who will be in Lexington attending the funeral of Mrs. Clay, Rev. M. T. Chandler of the Methodist church, will conduct the prayer meeting at the Presbyterian church this afternoon at 4 o'clock.

MATRIMONIAL.

—Mr. G. C. Likens, of Paris, and Miss Nevesta Arnette, of Cannel City, were united in marriage in the latter city Sunday afternoon at the home of the bride's mother, the Rev. R. M. Adams officiating.

The bride is the attractive and accomplished daughter of Mrs. Jennie Arnette, of Cannel City, while the groom, who is an employee of the Louisville & Nashville railroad, is a young man popular and highly esteemed by a large circle of admiring friends.

Mr. and Mrs. Likens returned to Paris Sunday night and will make their home with a brother of the groom in this city.

This Season's Goods.

We have no old stock to work off on the public as "bargains" but we certainly have some great values in this season's style that we don't want to carry over. The cash will work wonders at our store for the next two weeks.

STOCK, CROP AND FARM NOTES.

—Tobacco all over the district has made remarkable progress in the past two weeks. So far the crops promising.

—The Elemendorf Farm, near Lexington, will raise 355 acres of tobacco this year, and will lead in size of crop raised by one man.

—Danville Messenger: "An extra train of twenty cars, loaded with fine export cattle, will go to New York City tomorrow. The cattle belong to Mr. Monte Fox and the Gentry Bros."

—In Woodford county at Gay Bros' public sale of saddle horses 63 head averaged \$175. Several of the horses sold at \$400. Mr. Gay considers this a very satisfactory sale as most of the animals were yearlings.

—Danville Messenger: "Those farmers who have not sold their wool have met with bad luck because the price has gone down and Richard Foley, the biggest buyer in this county will take no more. He has now on hand between 25,000 and 30,000 pounds which he will ship to the Boston market."

—Mr. J. A. Nosco, who lives in this county in Germantown neighborhood, is the owner of a freak colt that is attracting considerable attention. When born the colt had only two legs and is unable to stand. Mr. Nosco is raising the colt by bottle and at present it is doing nicely.

—A dispatch from New York says the largest consignment of thoroughbred horses that has ever left the United States is on its way to Buenos Ayres in the steamship Doehre. There are 118 head in the lot, in charge of John MacKay, formerly superintendent of J. B. Haggin's Rancho del Paso stock farm in California. The horses are the property of J. B. Haggin, whose breeding operations are now confined to the Elemendorf stock farm, near Lexington.

—The famous race horse, Riley, who was being kept by Dr. O'Connor, of Elizabethtown for a breeders' association formed to care for aged and broken down thoroughbreds, died Friday of old age. Riley won the Kentucky Derby twenty years ago, being twenty-three years of age at the time of his death. He won the Clark Stakes the same year as he captured the Derby and also annexed many rich events out East.

A Wretched Mistake.

to endure the itching, painful distress of piles. There's no need to. Listen. "I suffered much from piles," writes Will A. Marsh, of Siler City, N. C., "till I got a box of Bucklen's Arnica Salve, and was soon cured." Burns, boils, ulcers, fever sores, eczema, cuts, chapped hands, chilblains, vanity before it. 25c at Oberdorfer's.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 lbs., growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine, Electric Bitters, cured me. I regained 40 lbs. lost and now am well and strong." For stomach, liver, kidneys its supreme. 50c at Oberdorfer's.

Win Through Self-Denial.

It is the habit of self-denial which gives the advantage to men we call self-made.—David Starr Jordan.

A Wild Blizzard Raging

brings danger, suffering—often death—to thousands, who take colds, coughs and grippe—that terror of winter and spring. Its danger signals are "stuffed up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-gripping cough. When grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., "after being 'laid up' three weeks with grip." For sore lungs, hemorrhages, coughs, colds, whooping cough, bronchitis, asthma, its supreme. 50c, \$1.00. Guaranteed by Oberdorfer's.

Problem Solved by Danville Man

Owners of automobiles have had much trouble in patching punctured tires by reason that the rubber could not be heated to the proper state. If the rubber is too hot or too cold, the patch will not hold.

Our townsman, Mr. E. B. Nelson, says the Danville Messenger, who is a genius in mechanics, has found a way to do this work. He had studied the question for some time, and last week, when "down and out" with his machine, he secured an ordinary electric "Utility Iron." In the end of this iron is a small hole. Mr. Nelson secured a small thermometer and placed in this hole, and was thus enabled to know the exact temperature or heat of iron. This solved the problem and, after placing his new rubber over the puncture he fastened the iron to the tire by means of a small furniture clamp. This soon made a patch over the puncture that made the tire as good as new.

Mr. Nelson wrote and told a leading automobile house of this plan, and has received a letter praising his ingenuity and stating that the discovery had solved one of the knottiest problems confronting the automobile people.

Skin and Scalp Troubles Yield to Zemo.

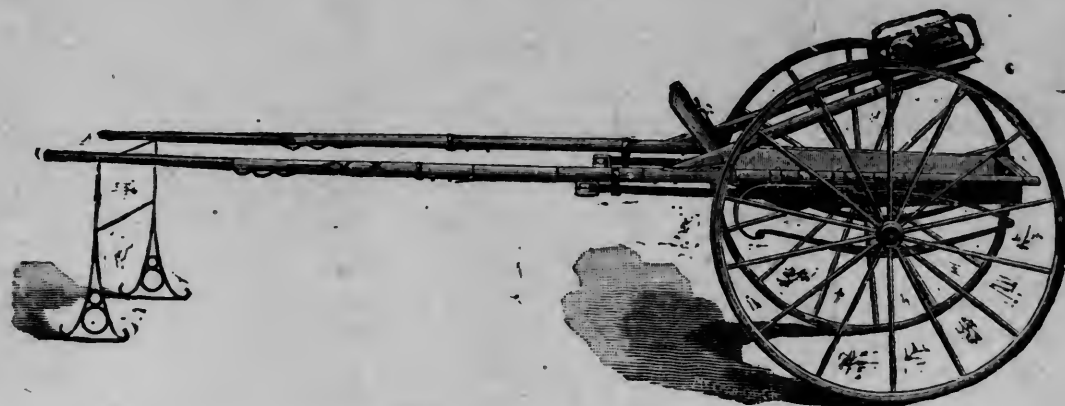

A clean liquid preparation for external use. W. T. Brooks' drug store is so confident ZEMO will rid the skin and scalp of infant or grown person of pimples, blackheads, dandruff, eczema, prickly heat, rashes, hives, ivy poison or any other form of skin or scalp eruption that they will give you your money back if you are not entirely satisfied with the results obtained from the use of ZEMO.

The first application will give prompt relief and show an improvement and in every instance where used persistently, will destroy the germ life, leaving the skin in a clean, healthy condition.

THE SETTLE BREAK CART,

WALTER WOOD

NEW CENTURY BINDER

This binder has a world-wide reputation. In every grain growing country under the Sun it is said to be the best yet by all who use it or see it work. The features that appeal most to its users are:—lightness of draft; handiness of operation; durability of construction; ability to do perfect work in any kind of grain; accuracy and sure work of knotters; absence of neck weight and side draft. The New Century is the latest type of binder, made by the people who gave the world its first successful binder, and now give it its most successful one—a binder that

will do work no other machine can do.

It is constructed on principles and from materials that insure more work, better work, longer life and reduced repair bills with less loss of time. We'd like to send you our free catalog describing it in full before you decide on which binder to buy.

Drop us a card today—ask for Catalog.

Art Exhibit

Chairman Branson Discusses Plans of
That Department.

Lloyd Branson, chairman of the Art
Committee, in speaking of the Art
Department of the Appalachian Ex-
position to be held in Knoxville, Tenn.,
Sept. 12 to Oct. 12, said:

"The management has granted the
Art Committee all that has been asked
for, and the committee is alive to giv-
ing the people a display, the like of
which has never before been seen in
the South. All the artists of the
South will be represented, but it is
not to the Appalachian district alone
that the Art Committee is looking;
they mean to have some notable pic-
tures that the public read about, pic-
tures from the big places. The gen-
eral public has its favorites as well
as the art profession. They are not
always the same, but the province of
expositions is to give the whole peo-
ple something, and this the Art Com-
mittee of the Appalachian Exposition
expects to do.

"At the Cotton States Exposition
there was a splendid exhibition of pic-
tures, gathered from all parts of the
world, yet the people clamored for
the showing of 'Parting of the Ties,'
and it was gotten there after the
exposition was quite half over and
proved a drawing card. So with the
Appalachian Exposition, some pic-
tures, and some one particular pic-
ture, that all wish to see, will be on
exhibition. The public will, from
time to time, be kept informed as to
the work in progress. It is too early
now to give out any definite state-
ment of the pictures to be secured."

Lloyd Branson, chairman of the Art
Committee, in speaking of the Art
Department of the Appalachian Ex-
position to be held in Knoxville, Tenn.,
Sept. 12 to Oct. 12, said:

Music at the Big Appalachian Exposition

The management of the Amusement
Committee of the Appalachian Ex-
position at Knoxville, Tenn., Sept. 12 to
Oct. 12, seems to have been thor-
oughly awake to the importance of
having everything the best, and, in se-
curing music for the Exposition, they
were guided by the idea alone of pleas-
ing the masses as well as the masses,
and in securing Weber's Cincinnati
Band and Brooks' Chicago Band they
have certainly struck the keynote of
success, and the finest music ever
given at an exposition will be heard
during the holding of the Appalachian
Exposition.

The Louisville Courier-Journal,
speaking of Weber's Band, says:

"Never have the people of Kentucky
known such a band as Weber's, which
played at the State Fair. Not only
for excellence and proper musical in-
terpretation or for the qualities of
each musician to turn himself into a
song bird, calliope, or a whistle, but
for general good humor, indefatigable
work and cheerfulness with which
they responded to requests for encores
did Weber's Band make itself famous."

Brooks at Pittsburg.

A quotation from a letter received
from the manager of the Pittsburg Ex-
position verifies the foregoing by the
following:

"All those who visited the exposition
during the season will remember with
many a thrill of pleasure the hours
through which they sat entranced lis-
tening to the always wonderful music
of the Ellis Brooks Band. On every
hand could be heard such exclama-
tions as, 'Is this selection better than
the last?' 'Is it possible anything could
be sweeter?' 'Can it be that those
instruments are but wood or silver and
the performers only men?'"

Lessons for Farmers

at Appalachian Show

Possibilities of Making Farming Pay
Without a "Money
Crop."

It will be one of the objects of the
Appalachian Exposition, at Knoxville,
Tenn., September 12 to October 12,
next, to demonstrate to the farmers,
cotton planters, and to the world at
large, the possibilities of making farm-
ing pay without dependence on a
money crop, such as cotton and to-
bacco. With this end in view a great
agricultural display building will be
constructed which will hold exhibits
from the mountain portions of the
eight States included in the Southern
Appalachian country.

Persons not acquainted with the
Blue Ridge and connecting ranges of
mountains have little conception of
the forage, food and fruit potential-
ities of this region. Buried gold, met-
aphorically speaking, lies waiting for
the men earnest enough and energetic
enough to dig for it.

position to be held in Knoxville, Tenn.,
Sept. 12 to Oct. 12, said:

"The management has granted the
Art Committee all that has been asked
for, and the committee is alive to giv-
ing the people a display, the like of
which has never before been seen in
the South. All the artists of the
South will be represented, but it is
not to the Appalachian district alone
that the Art Committee is looking;
they mean to have some notable pic-
tures that the public read about, pic-
tures from the big places. The gen-
eral public has its favorites as well
as the art profession. They are not
always the same, but the province of
expositions is to give the whole peo-
ple something, and this the Art Com-
mittee of the Appalachian Exposition
expects to do.

"At the Cotton States Exposition
there was a splendid exhibition of pic-
tures, gathered from all parts of the
world, yet the people clamored for
the showing of 'Parting of the Ties,'
and it was gotten there after the
exposition was quite half over and
proved a drawing card. So with the
Appalachian Exposition, some pic-
tures, and some one particular pic-
ture, that all wish to see, will be on
exhibition. The public will, from
time to time, be kept informed as to
the work in progress. It is too early
now to give out any definite state-
ment of the pictures to be secured."
